

# CAMC/WVU 2018 SUMMER RESEARCH EXTERNSHIP PROGRAM

## Length of Externship

**Six Weeks**

## Date of Program

**Program: June 11 - July 20, 2018**

## Stipend Earned

The stipend for a six week project is \$1,500. One-half of the stipend amount is received at the beginning of the externship program, and the remaining amount at the conclusion of the externship.

## Qualifications

You must be a first-year medical student or a graduate level student in the health sciences. Other student applicants will be considered pending project availability. A resume, official transcript and letter of interest (including education/skills/career goals) are required and must be received before the application is complete. Persons who have completed a previous summer externship will be ineligible.

## Notification of Assignment

Applications are due by February 2, 2018. Notifications will be mailed by the end of February to successful applicants. Positions are competitive and decisions may be made on a first come first serve basis. Persons who have completed a previous summer externship will be ineligible.

## Externship Expectations

You must collaborate as needed with the assigned faculty preceptor and attend scheduled research lectures. An oral summary of the work you have done must be presented during a student research conference at the conclusion of the externship.
